Nehal Mukeshbhai Chauhan

Gujarat, India | +91-9913161524 | cnehal194@gmail.com | LinkedIn | GitHub | Portfolio

Professional Summary

Software Engineer specializing in Native Android (Java) and Full-Stack Web Development (React.js, Next.js, TypeScript, Node.js). Built production platforms and consumer software scaled to **915M+ global users**, delivering low-latency distributed caching (Redis, TiDB), secure REST APIs, and automated/manual QA test suites.

Technical Skills

Languages: Java, JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3, Python
Frameworks & Libraries: Android SDK, React.js, Next.js, Node.js, Express.js, TanStack Router, Tailwind CSS, Three.js
Databases & Cloud: Redis, TiDB, MongoDB, MySQL, Firebase, Vercel Serverless, Vite, Git, GitHub, Android Studio
Core Competencies: RESTful APIs, OAuth 2.0, JWT Auth, Postman, Manual & API QA Testing, UI/UX Performance, SEO

Professional Experience

Encoraa ESG June 2025 - Present
Jr. Android Developer *Gujarat, India*

- Engineered native Android features using Java, Android Studio, and modular MVVM architecture, improving UI responsiveness and runtime stability across 10+ target screen densities.
- Diagnosed and resolved critical threading, memory leak, and lifecycle bottlenecks, accelerating cold-app startup performance and maintaining consistent 60 FPS user interaction.

Encoraa ESG November 2024 - May 2025
Academic Trainee Engineer — Internship *Gujarat, India*

- Developed full-stack web applications using React, Next.js, Node.js, and Express; integrated Redis caching layers to optimize query execution and decrease database load by 40%.
- Designed and executed structured manual QA test suites, API validation via Postman, and cross-browser regression testing, resolving 50+ critical edge-case bugs prior to production releases.

Featured Projects

Mukesh Ladies Tailor — Commercial Production Platform [Live: mukeshladiestailor.shop]
React.js, TypeScript, Vite, TanStack Router, Tailwind CSS, Serverless, Technical SEO *Production Web App*

- Architected a commercial tailoring platform featuring 60 FPS smooth scrolling, interactive 3D physics, and cursor-reactive SVG motion graphics, achieving a 98+ Google Lighthouse performance rating.
- Built a serverless telemetry pipeline with IP geolocation, bot-filtering heuristics, and real-time mobile push notifications via ntfy webhooks for zero-delay customer lead capture.

Secure Social Authentication Platform
Next.js, TypeScript, NextAuth, TiDB, Redis, Tailwind CSS *Full-Stack Web App*

- Built a secure multi-provider OAuth 2.0 engine (Google, Facebook, Twitter) with NextAuth and RBAC, securing session persistence with Redis caching and sub-200ms end-to-end API response latency.
- Implemented distributed user storage on TiDB and optimized JWT verification, preventing token replay vulnerabilities.

Cloud Invoice Management System
React.js, Node.js, Express.js, JWT, Cloudinary, TiDB *Full-Stack Web App*

- Developed an automated billing platform with JWT authentication, Cloudinary asset pipelines, dynamic client-side vector PDF generation, and a rich-text editor dashboard that reduced invoice creation turnaround time by 60%.

3D Interactive Portfolio Sandbox [Live: nehalchauhanportfolio.vercel.app]
HTML5, CSS3, JavaScript, Three.js, Model-Viewer, WebGL *Personal Project*

- Built a responsive WebGL portfolio with Three.js and Google Model-Viewer featuring AR spatial projection, real-time camera orbit controls, and 60 FPS interactive particle shaders.

Achievements

- **Viral AR Software (915.22M+ Views):** Built and launched a viral Snapchat AR Lens capturing over **915.22 Million+ global impressions**, optimizing real-time facial tracking shaders and asset render performance.
- **Open-Source UI Components (50K+ Views):** Authored and open-sourced modular CSS/HTML components on UIverse.io, achieving **50K+ community views** and peer developer bookmarks.
- **Open-Source Contributions:** Contributed to high-profile open-source repositories with millions of collective downloads, including **Express.js**, **Solidity**, **Mermaid.js**, and **TheAlgorithms/Python**.

Education

Parul University — *B.Tech. in Computer Science and Engineering* 2022 - 2025 *(CGPA: 7.40 / 10.0)*
Shree K.J. Polytechnic, Bharuch — *Diploma in Computer Engineering* 2019 - 2022 *(CGPA: 7.84 / 10.0)*

Certifications

Accenture Nordics (Dev Simulation) | **AWS Educate** (Cloud 101) | **Python Essentials 1** (Cisco) | **Introduction to Cybersecurity** (Cisco)
